Cookie Policy

What are Cookies ?

Cookies are small data files which are placed on your computer or hand held device when you visit certain pages on websites. Cookies can't harm your computer. Some are essential, for example when putting items in your basket to place orders on our website while some are not essential but are used to enhance the user experience of the website. They allow us to:

- obtain statistical data regarding audience size and usage pattern,
- store information about your preferences,
- allow us to customise the website to your interests and deliver a high quality user experience,
- improve user experience and to allow the website to recognise you when you return.

We do not use cookies to collect or record information on users' name, address or other contact details. This is generally considered standard practice for most, if not all websites.

The cookies when you access this website are set by us, our suppliers and partners to help deliver a high quality website and on-line shopping experience, and other third parties. If you'd like to learn more about cookies in general then visit www.aboutcookies.org. This will open a new browser window, please note that we are not responsible for the content of any external websites referred to from our site.

TO DISABLE COOKIES

First you will need to indentify which browser you are using to access the Internet.

To do this on a P.C. you need to click on the 'Help' option at the top of your browser window and then select the 'About' option. If you are using a Mac open the browser window and click on the Apple menu then select the 'About' option.

Once you have identified your browser follow the instructions below to check and change the options. This list shows commonly used browsers, for all other browsers we would recommend you consult your documentation or the browsers online help files.

Chrome

1. At the top right, click More and then Settings.

2. At the bottom, click Advanced.

3. Under 'Privacy and security', click Content settings.

4. Click Cookies. Then set your preference.

Microsoft Edge

1. Click on the More actions button on the toolbar, and select Settings.

2. Search for View advanced settings and click on it

3. Under Cookies section, select 'block cookies'.

4. Restart Edge

Firefox

1. Click the menu button and choose Preferences.

2. Select the Privacy & Security panel and go to the History section.

3. In the drop-down menu next to 'Firefox will', choose 'Use custom settings for history'.

4. Check 'Don't accept cookies from websites' to disable cookies.

5. Close the about:preferences page. Any changes you've made will automatically be saved.

Opera

1. Open Opera browser and go to Browser Settings.

2. In settings choose Privacy & security tab.

3. Scroll down to the Cookies section and choose checkbox 'Do not allow local data to be set (recommended)'

4. Restart Opera

Safari

1. Launch Safari and click the "Safari" menu icon in the top left-hand corner.

2. Click Preferences and select the Privacy tab from the top menu.

3. Next to the heading "Cookies and website data, make sure that 'Block all cookies' is checked.

Third Party Cookies

In order to ensure a high quality and rich experience when you visit our site we sometimes embed third party content on certain web pages. For example we have videos within some product information pages which are supplied from a third party such as YouTube. These third parties may place a cookie on your computer. We have no control over the setting of these cookies, so we suggest you contact the third-party websites directly for more information about their cookies and how to manage them.
